

Bed & Breakfast Accessibility Checklist

For your Bed & Breakfast, have you considered:

- Wide door frames on some doors (entrance; accessible room; bathroom; kitchen) for people using mobility aids?
- Accepting reservations through multiple formats, such as a number that has texting capacity, your website, or company e-mail?
- Using e-mail, texting, the Canada VRS system, or instant messaging to contact Deaf clients?
- Having your reception desk at a sitting height with an available chair?
- A debit machine with raised, tactile symbols that can extend out or tilt down for people at lower heights?
- Keeping wide, clear accessible routes from the entrance to all rooms?
- Having at least one washroom that is fully accessible for people using mobility devices, marked with the International symbol?
- Space in the kitchen and common areas for people using mobility aids to move comfortably around furniture?
- A kitchen table that allows people using mobility aids to fit underneath?
- Cutlery with large, non-slip handles?
- Offering breakfast menus and the guest information provided in rooms, such as use of the telephone, in alternate formats, including large print, Braille, audio file, or electronic text?
- Offering assistance filling out breakfast menus, if required?
- Having at least one designated guest room that is fully accessible on the main floor, close to an accessible bathroom?

- Space for people using mobility aids to maneuver around the room?
- Having room numbers/names in Braille or raised numbers/text?
- Having a door knocker with a flashing light?
- Having a light that flashes when the telephone rings?
- Adequate space beside the bed for lateral transfer from mobility aids?
- Lower bed height for easy lateral transfer from mobility aids?
- Adequate knee space under desks for people using mobility aids?
- Having thermostats, light switches, lamps, and closet racks at a height that is accessible for people using mobility aids?
- Placing microwaves at a height that can be easily accessed by all?
- Braille or raised numbers on your microwave buttons?
- Lever handles on all your sink faucets?
- Grab bars in your bathrooms for toilets and bathtub/shower areas?
- Having a roll-in shower with level access, a fold down shower bench, and height adjustable, hand-held shower head?
- Adequate space beside toilets for lateral transfer from mobility aids?
- Adequate knee space under sinks for people using mobility aids?
- Placing your soap dispensers, paper towel holders, and mirrors at a height that will allow easy access for people using mobility aids?
